

WHO DECIDES?

Government, Freedom, and You

A 4-Week Constitutional Communication Bootcamp

for high school students ages 14-17

Is the government protecting your freedom—or taking it away?

Over the next four weeks, you'll discover the founding principles that shaped our nation, understand the constitutional limits on government, and explore the role you can play as an engaged American citizen.

COS Cadets goes beyond traditional civics education.

Develop the confidence and communication skills to clearly articulate and defend your ideas.
